

Gardening report

The Department of History, Sikkim Government College, Namchi organized a gardening and campus cleanliness activity under Green campus initiative on 27th February 2026 involving the students of History Honours Second Semester. The programme was conducted within the college campus to enhance environmental consciousness and maintain green surroundings. Students actively participated in cleaning garden areas, removing weeds, collecting waste materials, and maintaining plants. The activity was carried out with enthusiasm and cooperation under departmental supervision. The programme contributed towards campus beautification and encouraged students to understand the importance of environmental conservation and collective responsibility.
