REPORT ON GARDENING ACTIVITY ORGANIZED BY THE DEPARTMENT OF PHYSICAL EDUCATION

Date: 10/03/2026

The Department of Physical Education organized a gardening and campus beautification activity as part of its initiative to promote environmental awareness, physical well-being, and teamwork among students. The activity aimed to create a clean and green environment within the campus while encouraging students to engage in physical outdoor tasks that contribute to health and sustainability.

The event began with a short briefing session by the Physical Education Department staff, explaining the objectives and steps involved in the gardening process. Students and staff members participated enthusiastically. All the students of Physical Education from IV semesters, along with faculty members of the Department of Physical Education, actively participated in the event. The gardening initiative organized by the Department of Physical Education was a great success. It served as a practical demonstration of how physical fitness, teamwork, and environmental consciousness can go hand in hand. The department plans to continue such activities periodically to maintain and further develop the green spaces within the campus.

Dr. Chewang Doma Bhutia
