

ENVIRONMENT DAY OBSERVED BY DEPARTMENT OF LIMBOO, NGC

The Department of Limboo, Namchi Government College had observed World Environment Day on 5th of June 2026 in its Departmental Garden. This year theme of the Environment Day was **"Inspired by Nature. For Climate. For Our Future"** (hashtag: #NowForClimate) and focuses urgently on climate action". The department initiated the day by planting the Fruit bearing sapling like Mango, Guava, Orange and varieties of Flowering plants in the departmental garden in order to encourage the students towards nature loving. Focus was also made through physical activities about the pros and cons of the climate change. Students were also briefed about the importance of Nature and the rapid pollution of the environment due to climate change.

All the faculties and students of the Limboo Department took active participation in observing the Environment Day. A thorough nourishment of those plants planted during Earth Day was also taken care of. The weeding of the unwanted grass and clearing of bushes were also done. The Garden now looks healthy, neat and green.

Hangma Subba, Asstt. Professor.
