The Department of Geography, Sikkim Government College, Namchi, celebrated World Environment Day on 5th June 2026 under the theme “*Inspired by Nature. For Climate. For Our Future*”. The programme aimed to raise awareness about environmental conservation, climate action, and the importance of maintaining a sustainable and healthy environment.

The event was attended by students of II, IV, and VI Semester, who actively participated in various activities organized as part of the celebration. The programme commenced with a brief introduction given by Dr. Pankaj kr. Das highlighting the significance of World Environment Day and the role of individuals in protecting the environment for future generations.

As part of the celebration, fruit saplings were planted to promote greenery, biodiversity, and environmental sustainability. The students enthusiastically took part in the plantation drive, demonstrating their commitment to creating a greener and healthier environment.

In addition, weeding and cleaning activities were carried out in and around the designated areas of the college campus. Students worked collectively to remove unwanted weeds and clean the surroundings, thereby contributing to the beautification and maintenance of the campus environment.

The programme successfully encouraged students to develop environmental awareness and adopt sustainable practices in their daily lives. Through active participation, the students gained a better understanding of the importance of conserving natural resources and taking collective action against environmental degradation and climate change.

The event concluded with a vote of thanks by Mrs. Akila Bhutia to all the participants, and faculty members, for their valuable contributions in making the celebration meaningful and successful.
