

REPORT ON WORLD ENVIRONMENT DAY

Report on World Environment Day
Activity

Department of History, Sikkim
Government College, Namchi

Date: 5 June 2026

Venue: Sikkim Government College,
Namchi Campus

The Department of History, Sikkim Government College, Namchi, observed World Environment Day 2026 with active participation from students of all semesters. The programme was organized with the objective of promoting environmental awareness, encouraging sustainable practices, and fostering a sense of responsibility towards nature among students.

Activities Conducted

As part of the observance, students of the Department of History participated enthusiastically in a campus beautification and environmental conservation drive. The activities included:

- Cleaning and maintenance of the History Department garden area.

- Removal of weeds, dry leaves, and other biodegradable waste.

- Planting and nurturing ornamental and indigenous plants.

- Cleaning of pathways and surrounding green spaces.

- Collection and proper disposal of waste materials.

- Awareness generation on the importance of environmental protection and sustainable living.

The students worked collectively to improve the cleanliness and aesthetic appeal of the departmental garden and adjoining areas. Faculty members of the

department supervised and guided the activities, motivating students to contribute towards environmental conservation.

Participation

Students from all semesters of the Department of History actively participated in the programme. Their dedication and teamwork were evident throughout the activity as they engaged in cleaning, gardening, and plantation work. Faculty members also joined the initiative and encouraged students to adopt environmentally responsible practices in their daily lives.

Outcome

The programme successfully enhanced the cleanliness and greenery of the college campus while creating awareness about the significance of environmental protection. The activity instilled among

students a sense of environmental stewardship and highlighted the importance of collective action in preserving natural resources for future generations.

Conclusion

The World Environment Day observance by the Department of History, Sikkim Government College, Namchi, was a meaningful and successful initiative. Through active participation in gardening, plantation, and cleanliness activities, students demonstrated their commitment to environmental sustainability. The programme served as a valuable opportunity to translate environmental awareness into practical action and reinforced the message that every individual has a role to play in protecting the environment.
